

Imagine being able to stitch together your perfect round of golf - that booming drive you hit on the Cielo 1 on Tuesday, combined with the perfectly pure iron shot you struck on the Lagos 8 last Saturday, and topped off with that miracle 30-foot putt you drained on Vista 9 two weeks ago. This dream round isn't just a fantasy, it's the basis for a fun, engaging, and performance-tracking format called a Ringer Board.

## What Exactly Is a Ringer Board?

A Ringer Board, also known as a Ringer Tournament or Eclectic Tournament, is a multi-round competition where your best score on each individual hole is **recorded by Golf Genius during our Tuesday and Saturday playdays**. Think of it as your personal highlight reel, captured one hole at a time. The final result is a single "eclectic" scorecard that showcases your absolute best performance on the course, creating a "perfect" 27-hole total from your best individual hole scores.

Each time you participate in a playday from January 1, 2026 thru March 23, 2026 you have an opportunity to improve upon your previous best score for any given hole. This format is fantastic because it's ongoing. It's not about a single day's performance but about your potential and improvement over time.

## Prizes

Depending on the number of entries, there will be a gross and net prize for each flight.

## Entry Fee: \$5.00

Receipt of payment is your Ringer entry.

No cash is accepted. Please pay via Zelle ([dpwgctreasurer@gmail.com](mailto:dpwgctreasurer@gmail.com)) or by dropping off a check in an envelope to the DPCC front office – not the pro shop. If you don't do Zelle or checks, maybe a friend can do the Zelle payment for you.

## Deadline: January 25, 2026

If payment is received by this date, all rounds from January 1, 2026 thru March 23, 2026 will be included in your ringer score.
